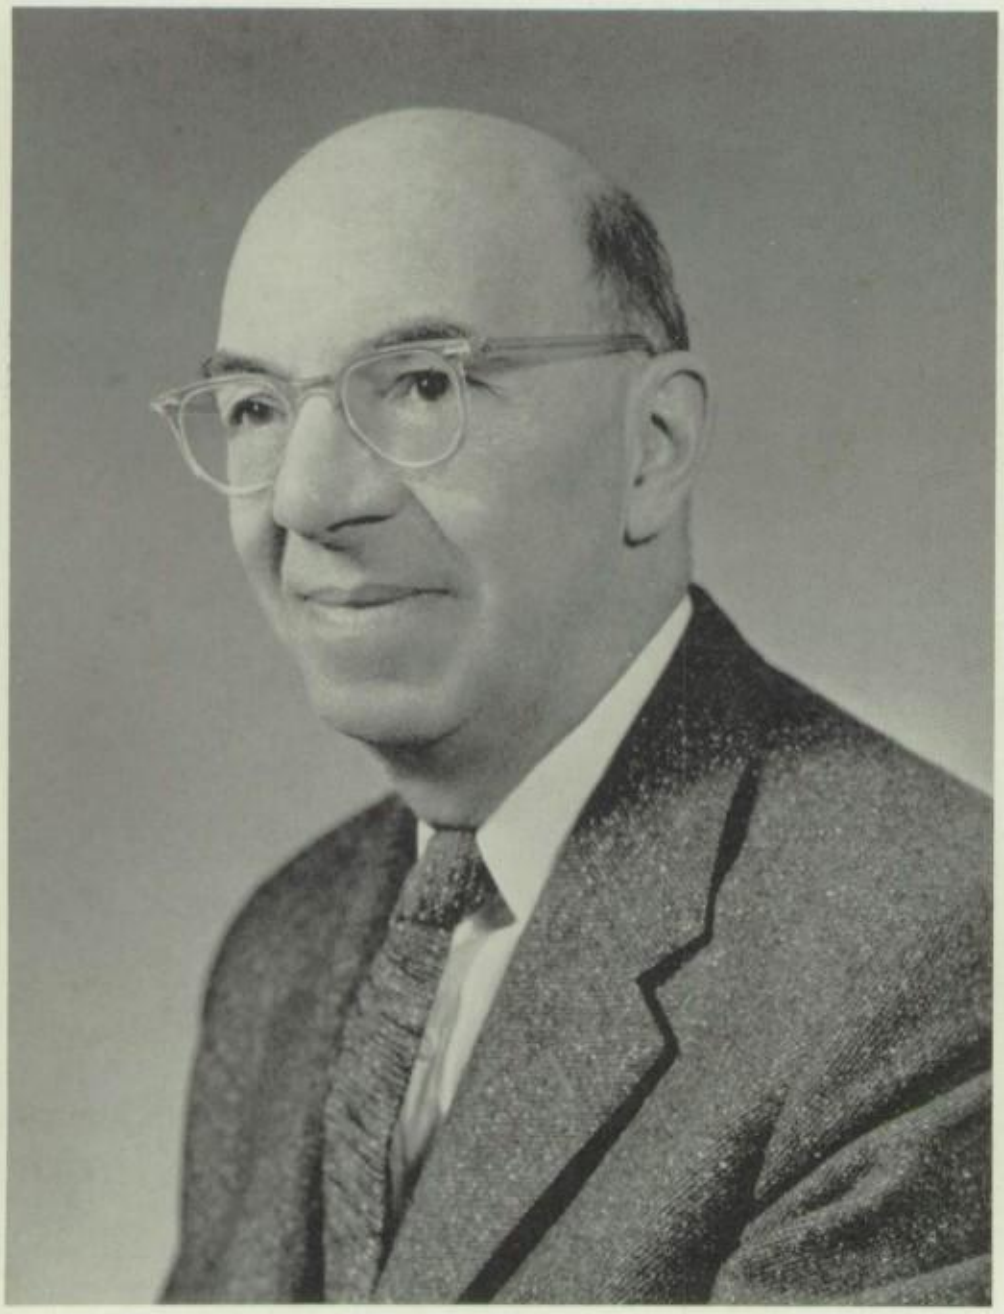
THE 1961

HALIGOLUK

THE HAVERFORD SCHOOL

HAVERFORD, PA.



DEDICATION

J. GEORGE BLACK

The Class of 1961 dedicates its yearbook to Mr. J. George Black. Since coming to Haverford in 1926, Mr. Black, as Assistant to the Headmaster and Registrar, has been respected for his high quality of work for two generations.

The members of the graduating class especially appreciate the assistance Mr. Black has given concerning the many fine points of college admission. Because of his untiring faithfulness to duty, Mr. Black has spent many hours of his vacations and weekends writing recommendations to colleges or talking to directors of admissions of various colleges. However, many other boys who are not seniors have come to know Mr. Black and have recognized him as a real friend. Mr. Black has always been known for his wonderful personality and his kindness to Haverfordians from the Sixth Form to the Pre-School.

Since he has done so much for Haverford in his thirty-five years of service, this dedication can only be a small part of our deep appreciation and great respect for Mr. Black.

APPRECIATION

ROBERT RUGG

Since his arrival at Haverford in 1945, Mr. Robert Rugg has been known throughout the school for his genial personality and eager participation in various school activities.

A graduate of Amherst College, Mr. Rugg did further work at the Universities of Pennsylvania and Wisconsin. Besides teaching an excellent biology course, Mr. Rugg has been affiliated with the crew, and now serves as faculty advisor of the Natural Science Club. Also, Mr. and Mrs. Rugg have taken motor trips to the West for the last few summers and have studied many types of wildlife. On these trips, the Ruggs have usually taken one or two Haverford students interested in Nature. Throughout these activities Mr. Rugg displays a great amount of knowledge concerning many fields of science.

The staff of the *Haligoluk* joins with the school in thanking Mr. Rugg for the many years of service he has rendered to Haverford.

THE HEADMASTER'S MESSAGE

To write a message in November to seniors whose graduation next June is still eight months distant is difficult. The speed with which conditions and emphasis change in our modern society makes comment hazardous. What is relevant and salutary in November may sound silly next June.

Of course, there are many worn and threadbare admonitions and encouragements: Get plenty of sleep. Balance your activities. Answer your invitations. Always thank your hostess. Do not steal or lie. Drive that car with care. Don't put off homework until Sunday night. Don't cut classes. Choose a fraternity wisely. Write home regularly. Get to know your professors. Treat women with respect, but don't let social life waste too much of your time or theirs. —And countless others.

Any one of these cautions could be expanded into an essay. In this limited space, however, one seeks to present some phrase that includes these many bits of advice. I find it in "the constant exercise of good judgment." Such exercise of judgment will involve both moral and practical considerations that are of incalculable importance to the quality of your achievement in college and later. Out of right decisions comes the greatest good for yourself and for others.

On behalf of your School, therefore, I wish you, "Good judgment!" It is far more important than, "Good Luck!"

L. R. Bumingham

CROSMAN HALL

This year there were 79 Second Form students and 82 First Formers in Crosman Hall. Due to Mr. Kingham's promotion to Dean of Boys, the direction was divided between Mr. Parsons, who was the First Form advisor, and Mr. Allen, who was the Second Form advisor. In addition to this change, two new masters were added to the Staff—Mr. Dirk Visser, the Second Form Latin master, and Mr. Richard Jenney, the First Form mathematics instructor. Along with these changes came the displacement of the part-time French course which was replaced by the full year's concentration on Latin.

The sixteen member Student Council, under the supervision of President Donny Wilkins and the guidance of Mr. Parsons and Mr. Allen, did extremely well in providing the Middle School with many interesting activities. There were three Crosman Hall dances held by the Dance Committee.

The Intermural Sports Committee was very successful in setting up a most interesting winter sports program which consisted of six intermural teams.

Under the supervision of Mr. Williams, the Junior Dramatic Club presented two interesting and well-presented plays.

THE JUNIOR SCHOOL

1960-1961 has been both an unusual and busy school year for the 363 boys in the Junior School. The Lower School Faculty was somewhat altered this year with the arrival of three new teachers: Mr. Smith, Miss Wachob, and Mrs. Colehower, and the reshuffling of the Senior School faculty with the result that Mr. Dethier, Mr. Prizer, and Mr. Raper come to the Junior School.

The morning assemblies were changed this year with more favorable results. The new feature was a choir which accompanied the religious exercises during the assemblies from Monday through Thursday. Friday was traditionally set aside for original and surprising programs. These included talks given by outside speakers, plays performed by students, and movies varying in subject from music to sports.

Football and soccer captured the scene during the fall season, and during the winter the boys had an hourly gym program in preparation for the March gym exhibition. The spring sports schedule was headed up with baseball, tennis, track, swimming, and softball.

On December 16, after months of hard practice, the Junior School Glee Club, under the direction of Mr. Raper, helped to make the Christmas concert a big success.

On May 6, the Junior School eagerly took their part in the tradition Philip Bishop Day. Four weeks later, from June 1-7, the Fifth, and Six Graders had their final exams; and immediately following, on June 6, the Pre-School through Third Grade had final exercises. The next day, the Fourth, Fifth, and Sixth Grades had their commencement in Ryan Memorial Gymnasium.

THE HALIGOLUK

Each editor on the Haligoluk this year made a great effort to break away from the standard procedure which is outdated and unartistic. Under Mr. Finch's guidance drawings were sketched on the activities pages and the sports editors changed their entire layout. This year also more pictures were added and varsity sports were placed together. Everyone was mainly concerned with meeting the deadlines but all managed to complete their work.

In conclusion we wish to express our appreciation to Mr. Raper for his assistance throughout the year.

THE INDEX

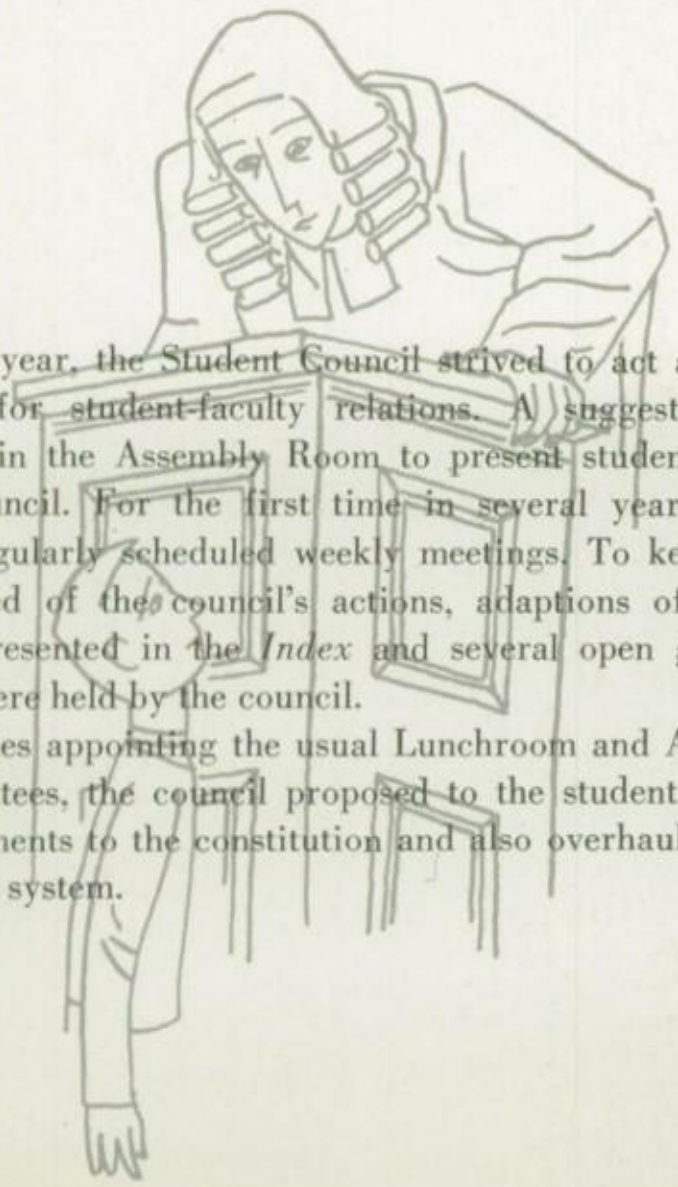
The 1960-61 *Index* was the product of the Journalism Class, set up as an experiment for the first time this year. Under Faculty Advisor Robert U. Jameson and Editor-in-Chief Jeff Panitt, the School newspaper established a "beat" system, supervised a mock presidential election, and planned a Student News Bureau.

Managing Editor Stockton Illoway and Associate Editor William Pickett handled various phases of assignments and make-up, instead of working as News and Sports Editors as they did last year.

It was announced in early spring that Walter Smedley would serve as Editor-in-Chief for next year's *Index*, and the thirty-five member writing staff was turned over to him for the final two issues of the 1961 season.

Clockwise: Dewey, Harrison, Dyer, G. Reeves, B. Dixon, Huntington, S. Wilson, Calder, Stringer, C. La Force.

STUDENT COUNCIL



This year, the Student Council strived to act as a sounding board for student-faculty relations. A suggestion box was placed in the Assembly Room to present student opinions to the council. For the first time in several years the council held regularly scheduled weekly meetings. To keep the school informed of the council's actions, adaptions of the minutes were presented in the *Index* and several open grievance sessions were held by the council.

Besides appointing the usual Lunchroom and Announcement Committees, the council proposed to the student body several amendments to the constitution and also overhauled the officer election system.

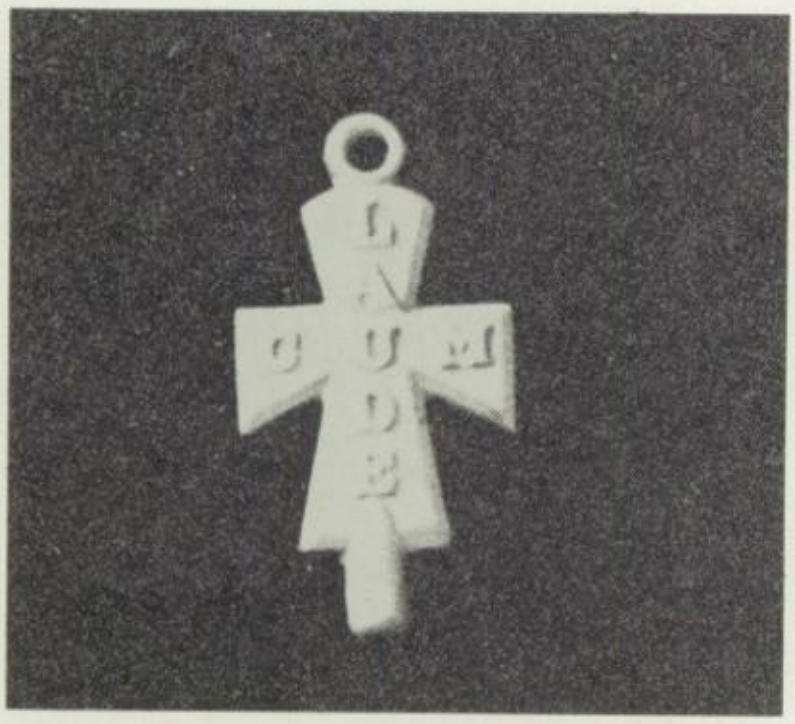
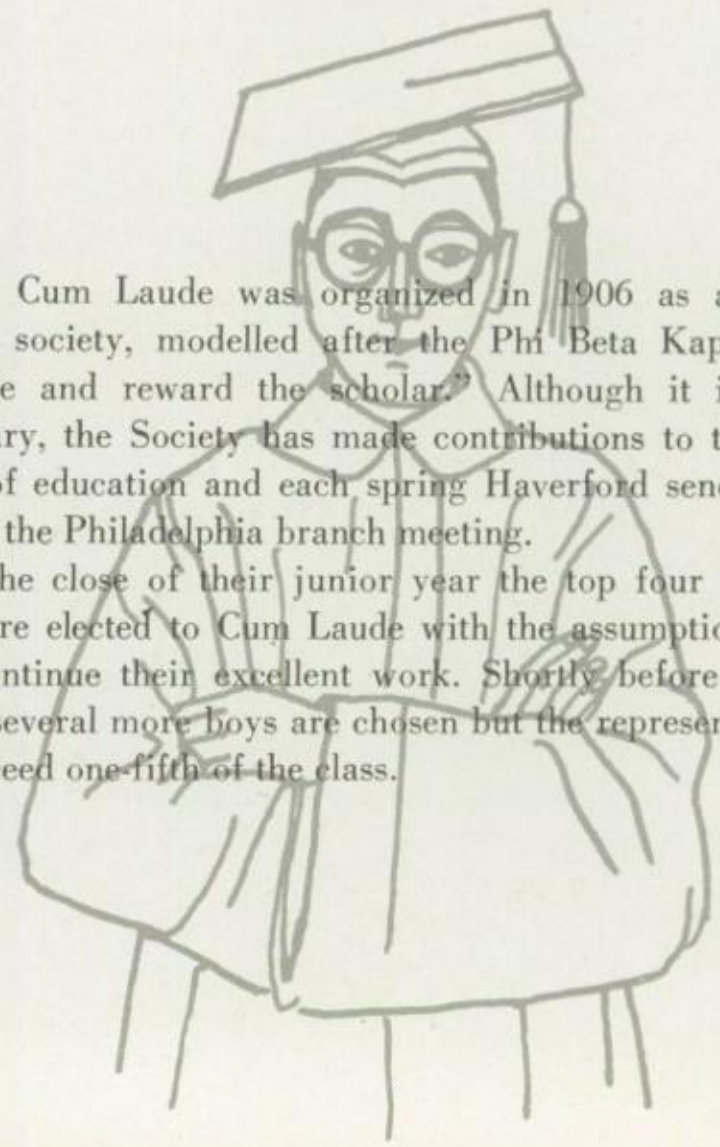
CUM LAUDE SOCIETY





The Cum Laude was organized in 1906 as a secondary school society, modelled after the Phi Beta Kappa, to "encourage and reward the scholar." Although it is primarily honorary, the Society has made contributions to the advancement of education and each spring Haverford sends a delegation to the Philadelphia branch meeting.

At the close of their junior year the top four boys in the class are elected to Cum Laude with the assumption that they will continue their excellent work. Shortly before commencement, several more boys are chosen but the representatives may not exceed one-fifth of the class.

Standing: Geer, Frazier, Hamilton, Panitt. *Seated:* Huntington, S. Wilson, Bartle, Mr. Allen. *Absent:* Dixon.

THE SIGNET SOCIETY

The Signet Society is an honor organization which recognizes boys who have been outstanding in extracurricular activities. Its constitution's stated purpose is to "develop a wholesome school spirit, to support the best things that the school undertakes, and to discover and encourage ability in all activities in which the school takes part."

After each marking period two seniors are admitted into the society by earning points in different phases of school life. The position of the boy and the relative importance of his activities determine the number of points that he earns. Only high-point men and boys who have been elected by the students become Signet members.

The officers for 1960-61 were Bo Dixon, President; Steve Wilson, Vice-President; Steve Huntington, Secretary; and Paul Bartle, Treasurer.

Signet members hold an honorary position and have only nominal duties. In May, as is the custom, the Society enjoys a country picnic together.

THE DRAMATIC CLUB

Officers Illoway and Panitt

The Dramatic Club is the oldest and one of the most popular extracurricular activities offered by the school. Each year the Club gives two plays, in the winter and in the spring. This year the directors Messrs. Campbell, Jameson, and Woodward decided with suggestions from the members to do Thorton Wilder's *Our Town* and Joshua Logan's *Mr. Roberts*.

Our Town was held in Haverford College's Roberts Hall and was well attended in spite of adverse weather conditions. The cast starred Chip Geer as stage manager, Rob Shertz as George, and Mary Jane Shea, a Harriton senior, as Emily. The play was extremely successful and was believed by everyone to be one of the school's best productions.

The spring play, Mr. Roberts, was equally as successful. The attendance was much increased and the whole group truly enjoyed themselves. The leads, Steve Wilson, Chip Geer, Jeff Panitt, and Lou Franecke, were aptly tutored by the directors and gave excellent performances. The stage manager, Howard Petersen, and his crew also deserve a great deal of credit.

Aside from the plays, the Club also revised its twenty-five year old constitution and throughout the year elected new members who had parts in the play.

Back Row: Matthews, Franecke, Howe, Kraft, J. Beck, Carlton, Illoway, Furlong, W. Reeves, Wilkening, McIver, Mr. Haviland, Rumbough, Weltmer. *Front Row:* Bailey, Pickett, LaForce, Arscott, Capers, Petersen, Tompkins, O'Halloran.

SERVICE CLUB

The Service Club was originally organized to promote the various charities which annually appeal to students for donations. Although this year's group of solicitors worked very hard, the student support for the one remaining charity, the United Fund, was somewhat disappointing.

The Jigger Shop is the school store from which students can purchase candy and small school supply items during the morning recess. The Service Club members are responsible for the shop's administration. As part of their duties they act as salesmen and take inventory. At the end of the year the profits are divided and earmarked for charitable organizations.

The hard-working officers of the club were largely responsible for this year's success. President John Capers, Vice President Richard Arscott, and Secretary-Treasurer Howard Petersen all did excellent jobs as this year's leaders, and, as usual, Mr. Haviland did an outstanding job in his advisory capacity.

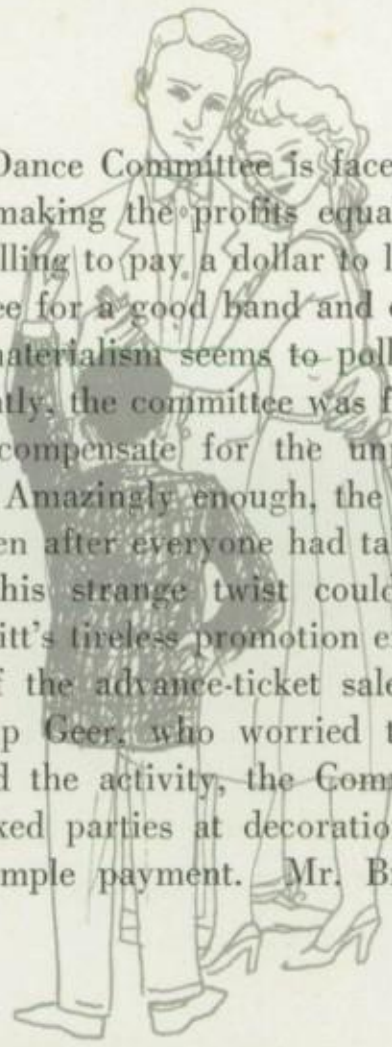
DANCE COMMITTEE

Chairman Geer



Each year the Dance Committee is faced with the too common problem of making the profits equal the losses. As always, more are willing to pay a dollar to listen to records than want to spend three for a good band and excellent atmosphere. This attitude of materialism seems to pollute the whole world today. Consequently, the committee was forced to give several small dances to compensate for the unprofitable June and Winter Formals. Amazingly enough, the formals almost paid for themselves, even after everyone had taken his cut, one way or the other. This strange twist could have been caused either by Jeff Panitt's tireless promotion efforts or by the arm-twisting tactics of the advance-ticket salesmen.

Except for Chip Geer, who worried too much and John Capers, who loved the activity, the Committee deserves little thanks as the mixed parties at decoration time and the free admission were ample payment. Mr. Brownlow was repaid too, they say.

First there was the problem of decorations and decorators.

Some were diligent, energetic, helpful.

While others were a bit less concerned.

There were those who cooperated

and those who just operated.

Well, the people finally came

and so did the orchestra.

Everyone seemed to enjoy himself thoroughly and all went home feeling rewarded in one form or another.

CURRENT EVENTS

President Voorhees and Mr. Allen

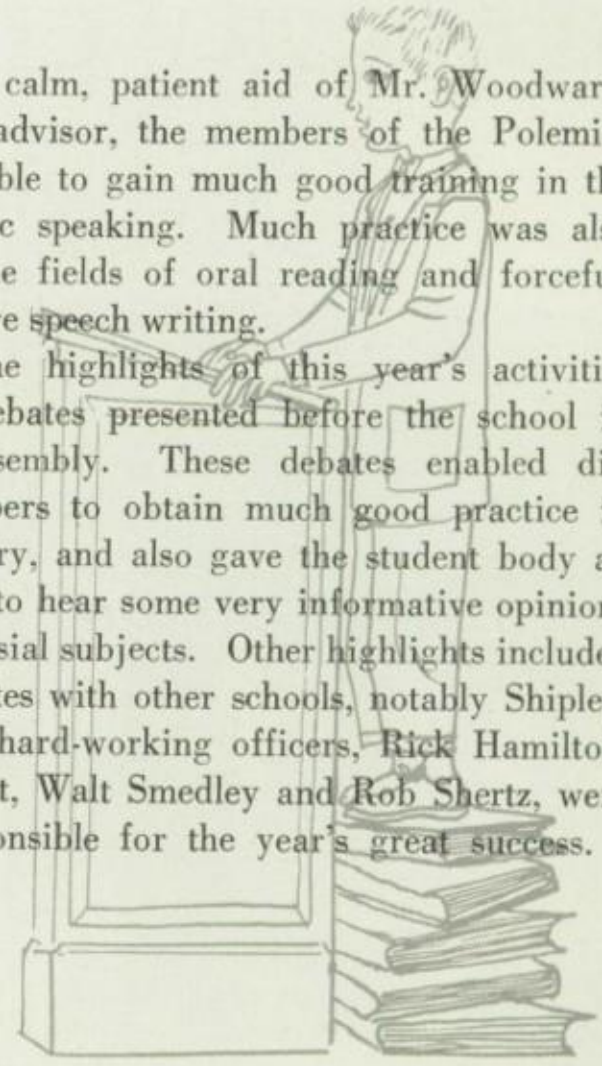
This year the Current Events Club was very fortunate since the year was so filled with national and international events. In fact, international affairs so paralleled the topical news that the vice president, John Capers, opened each meeting by reading his I. R. notes. Bill Reeves, the program chairman, usually filled the rest of the period with assigned talks given by various members of the group. Occasionally, Mr. Allen passed out printed tests and the club received several New York Times film strips that briefly covered the events from 1955-1960.

President John Voorhees, vice president Capers and secretary-treasurer Jim Oram all deserve credit for helping Mr. Allen run the club. Mr. Khrushchev, Mao Tse-Tung, Dr. Castro, Premier Lumumba, and numerous others deserve even more credit for without them this club would have been a failure.

Standing: McBean, Prewitt, Stevens, Walther, Grauer, Powell, L. Taylor, Glasberg, Baker, Shertz, Hammett, Coath, Hamilton. *Seated:* Mr. Woodward, Hannigan, Smedley, McGarvey, Cowan, O'Halloran, Kennedy, Johnson, Morris, Carty, Illoway, Petersen, Panitt.

POLEMICS CLUB

Club Officers



With the calm, patient aid of Mr. Woodward, the faculty advisor, the members of the Polemics Club were able to gain much good training in the art of public speaking. Much practice was also gained in the fields of oral reading and forceful, argumentative speech writing.

Among the highlights of this year's activities were two debates presented before the school in morning assembly. These debates enabled different members to obtain much good practice in poised oratory, and also gave the student body an opportunity to hear some very informative opinions on controversial subjects. Other highlights included several debates with other schools, notably Shipley.

The four hard-working officers, Rick Hamilton, Bill Hammett, Walt Smedley and Rob Shertz, were largely responsible for the year's great success.

MATH CLUB

Mr. Powell

This year's Math Club, under the auspices of Mr. Powell, has attempted to delve more deeply into the mathematics which, for want of time, cannot be covered in class. The members, consisting exclusively of fifth and sixth formers, have studied such subjects as geometry, trigonometry, algebra, permutations and combinations, as well as the abacuss. Other features of the club were the mathematical puzzles and riddles which were presented by Mr. Powell and members of the club. The club offered much to the students who are interested in math or engineering.

NATURAL SCIENCE CLUB

The Natural Science Club maintained a full schedule this year, including weekly talks by one or two members, lectures by outside speakers, occasional movie or slide shows, and monthly field trips. The boys went to the mountains for fossils and minerals, to the Jersey shore for birds and sea-life, to several wildlife refuges for birds, and to western Pennsylvania for the annual camping expedition.

However, the major activity of this year was to make an ecological survey of the new Sharp's Woods Nature Reserve, located west of Wayne. The thirty club members divided themselves into committees and collected, identified, and made detailed notes about practically every form of plant and animal life in the refuge. They also aided the refuge in its physical development by clearing trails, building bridges, and putting in fencing. By working with this survey, the club members not only gained experience in scientific research but also mastered the particular fields of natural history in which they were interested.

PHOTOGRAPHY CLUB

Faculty Advisor Visser

The Photography Club has had quite an interesting season. It was made up of one sixth former, a handful of fifth formers, and quite a few third and fourth formers. The Club's officers were Harry League, President, Sam Bailey, Vice President, and Bert Cudd, Secretary-Treasurer, all of the fifth form.

Since even the club officers knew very little about photography, the club had a very slow start, but, with the aid of Jay Powell, the Haligoluk photographer, it progressed rapidly. After learning the basic principles of the camera, the darkroom, and the composition of pictures, individual members began to give speeches on topics which they hoped would help to increase the knowledge of the rest.

The Club, encouraged by the school administration, has taken on as a project the photographing of various school rooms and buildings for the use of insurance companies. The Club hopes to complete this project in the near future.

THE GLEE CLUB

The Glee Club provided quite an experience for its members this year. The director, Mr. Charles Goetz, was a strict perfectionist with such knowledge and feeling for music that the boys were immediately impressed and desired to do well.

Preparation for the Christmas concert with the junior school was rather sketchy since the rehearsals were restricted by conflicts and snow. Nevertheless the concert itself was extremely successful and very well attended.

The club spent the next few weeks preparing for a music-reading with Shipley on the Fourth of March. The members found the material, Bach and Brahms, quite a challenge, and Mr. Goetz taught the club a great deal about voice control and music interpretation. Although the orchestra was a bit disconcerting, everyone enjoyed both the reading and the dance afterwards.

The last major event of the club year was the spring concert which was held April Twenty-Eighth with the combined junior and senior glee clubs. To celebrate the Hundredth Anniversary of the Civil War, the clubs chose a repertoire of folk songs which thoroughly delighted the members and audience.

Mr. Goetz should be given complete credit for turning a recalcitrant bunch of boys into a well-organized and unified glee club. Everyone marvelled at his artistic understanding, devotion, and temperament.

THE THREE FOURS + ONE

Reactionary forces in the ranks of last year's Orpheos proposed that this year's group be reduced in size and renamed "The Three Fours." Their proposal having received confirmation, the original eight members welcomed three new first tenors, a new second tenor, and a new bass into their group. This apparent mathematical error seemed to bother absolutely no one and the group's title was happily changed to the "Three Fours + One."

After this seemingly slapstick start, the "Three Fours + One" worked hard and, with the selfless aid of Mr. Charles Goetz, the director, prepared four musical selections for the concert in December.

During the Christmas season the "Three Fours + One" busied themselves by appearing at several private parties in the vicinity. For these occasions a barrage of Kingston Trio songs was added to the rather scant repertoire of Christmas music. However, their efforts were very well received and wholly appreciated.

The "Three Fours + One" prepared several arrangements of well-known folk songs for the Spring Concert. It was not hard to infer from the quality of the singing that Mr. Goetz's hard work was once more paying large dividends.

HOYLE CLUB

President Matthews

For those boys who periodically seek intellectual outlets other than books, the Hoyle Club proved to be an excellent activity. Here the student could find not only mathematical but also psychological stimulation. The master could match his tactical prowess against that of Neil Matthews, the club president, or could find a partner aware of the Italian System. The ingenue also was welcome. There were many eager to learn how to play chess. Bridge too was played on several levels. Some eventually ended up at the twenty-one table pondering the theories of combinations with Tom Spence while others discussed the nuances of Goren's fascinating point-count with Mr. Briner. Whether you liked cards, chess, or Bob Spano's favorite, the deceptively difficult checkers, the Hoyle Club provided a good source of entertainment.

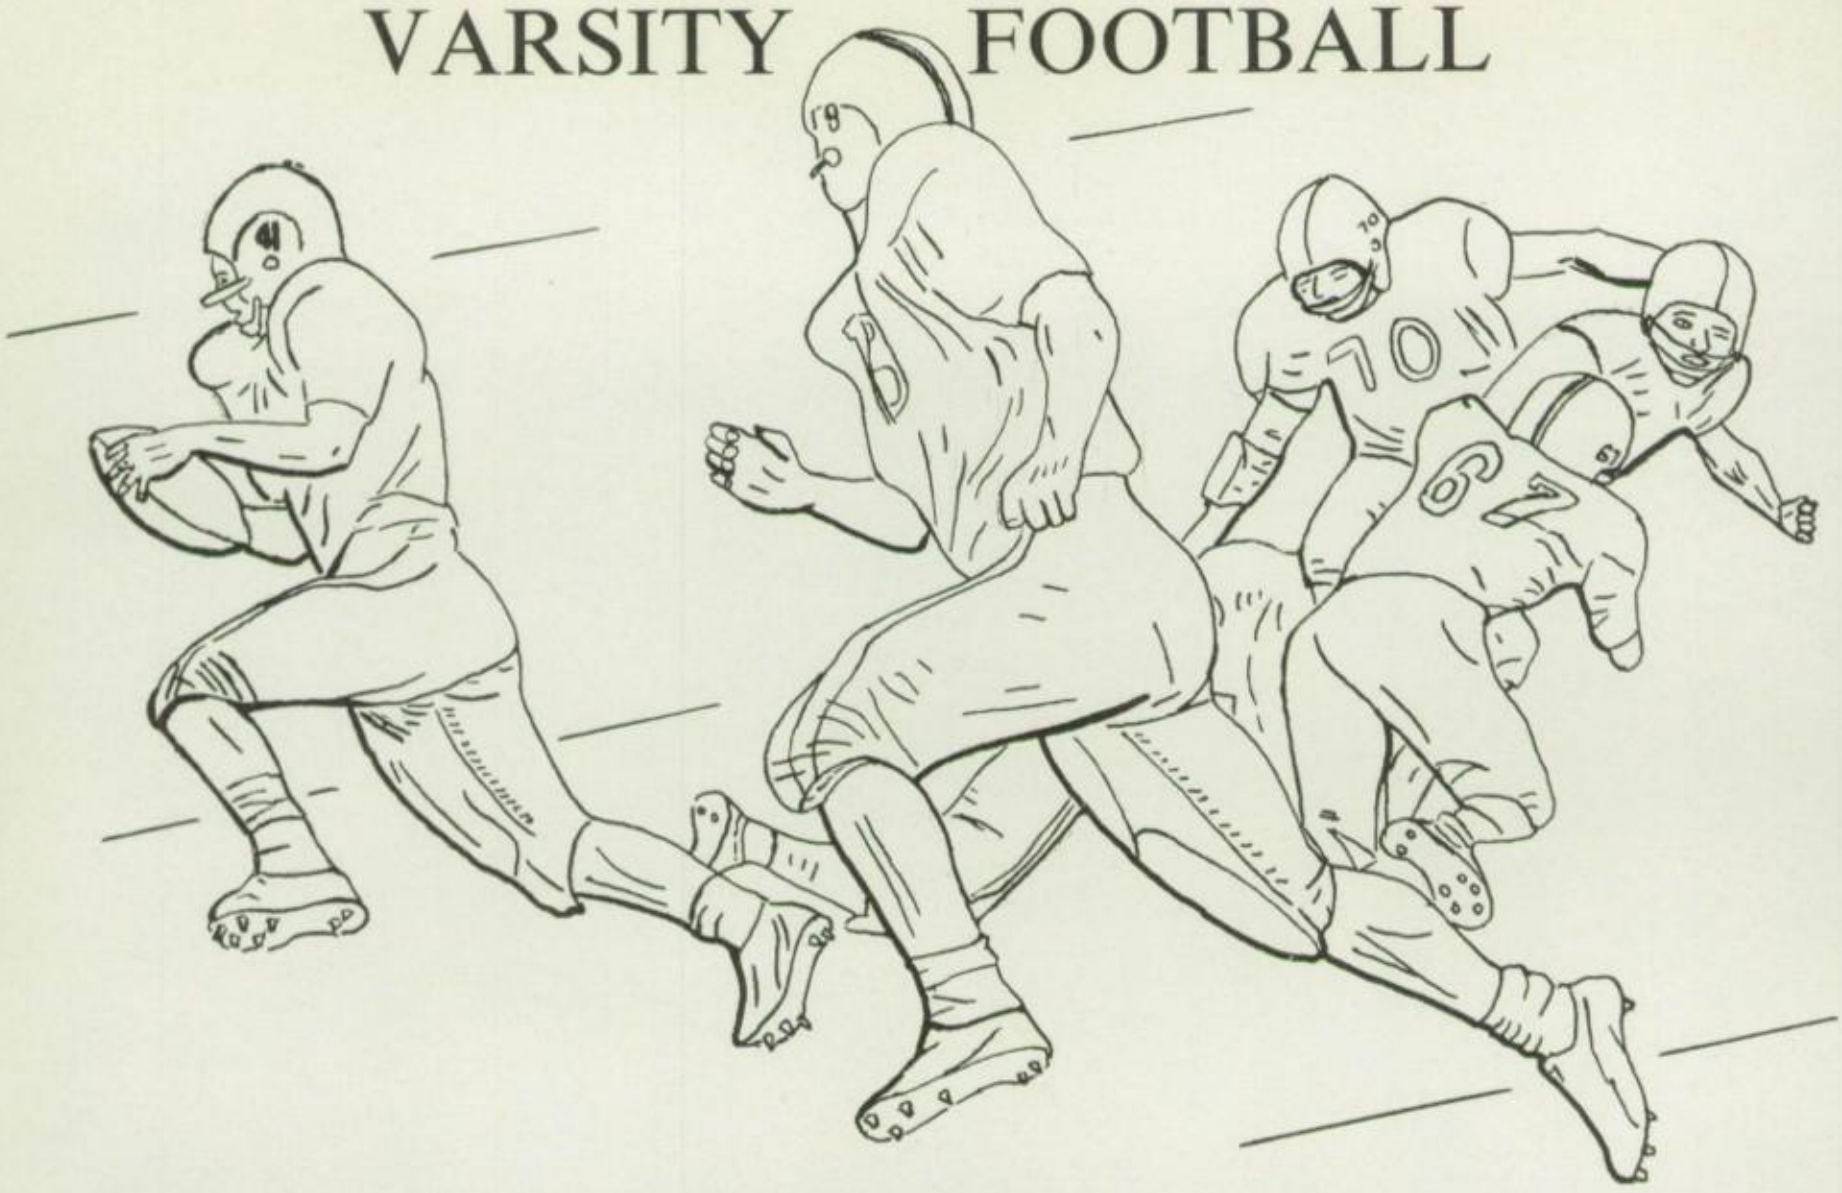
SPORTS

VARSITY FOOTBALL



This year's Varsity Football team, with only three returning lettermen, had a somewhat unfortunate season. Mr. Baker and Captain Morris were forced to lead the team against experienced and rugged competitors. The team lost their opener to Frankford High School, 20-6. The next week's game at the Hill School proved to be the highlight of the season. Overcoming a one touchdown lead in the first quarter, the highly-spirited "Big Red" bounced back to upset the Hill eleven, 18-6. In their next contest, the 'Fords held a strong Williamson Trade School to a scoreless tie. The football squad lost the following four games to Penn Charter, Malvern Preparatory School, Germantown Academy, and Tower Hill respectively. In its final game the Varsity was defeated by a well-balanced Episcopal squad.

The 1960 Soccer team, with nine returning lettermen, showed their power by winning the Inter-Ac Championship with a league record of 9 wins, 1 loss, and 2 ties. The team was expertly coached by Harry Smith and captained by Rick Arscott.

By the first game, the team had shaped into a good-looking ball club. After defeating Friends' Central 5-0, the team was ready for a highly rated Westtown team, but lost 2-1. After defeating Moorestown 1-0, the club traveled to Germantown Friends and were defeated 4-2. On October 4 the team outclassed Episcopal Academy 4-2 with two goals by Rick Arscott. After ties with Germantown Academy and George School, the team started to move with great eagerness for the championship. In the last half of the season, Haverford won five and tied one. The championship was finally captured with an impressive home victory over Penn Charter.

Next year's team also looks like a championship one with strongholds in Bill Reeves, Sam Bailey, Harbie Moore, and Dave Cantrell. Also, there will be many good players coming up from the Junior Varsity team.

Shaffer twists by Clement

The 1960-61 Varsity Basketball team showed a marked improvement over last year's mediocre season. Captain Chip Wilkening, aided by Coaches Bill Prizer and Chuck Dutill, led the team to five victories in the first seven games. In the tense December opener the Fords upset Upper Darby, 40-34, paced by Shaffer's 12 points, Wilkening's 11, and Howson's 10. After losing to two strong teams, Lawrenceville and Harriton, Haverford scored 244 points to the opponents' 164 in defeating P.S.D., Chestnut Hill, Friends' Central, and G.A. Against Episcopal and Malvern, two of the league leaders, the Fords' constant hustle was not enough to overcome the opposition's superior skill. The team's hard work throughout the season was evident in the two Penn Charter games. Down by thirteen points in the third quarter of the first game, Haverford rallied, only to lose by one point. In the second contest, the Fords stayed with the Quakers even though Wilkening fouled out in the third quarter.

The team's scoring and rebounding power was provided by Captain Wilkening, along with Bo Dixon and sophomores Steve Shaffer and Grafton Reeves. Other starters were Carlton, Stevens, Allen, Howson, and Calder with Weltmer, Snyder, Beck, Reichel, Pickett, and Powell supplying the bench strength.

Chip Wilkening was third in Inter-Ac scoring with 147 points, while Shaffer placed sixth with 108. Other high scorers were Dixon, Howson, and Reeves.

The Fords look forward to next year with much optimism as there will be at least six returning lettermen.

SWIMMING

This year the Haverford School's swimming team had an excellent season. It won eight, lost two, and tied one.

The team defeated Malvern, Girard College, Germantown Academy, Peddie School, Lawrenceville Academy, United States Military Academy Plebes, University of Pennsylvania freshmen, and Valley Forge Military Academy. The United States Naval Academy plebes and The Hill School accounted for the team's only two losses. The contest with the Princeton University Freshmen resulted in a tie score.

The five senior lettermen were Captain McQuillen, Hunter, Gildersleeve, O'Halloran, and Arscott. Lettermen from the Fifth Form included Hogg, Larzelere, Shay, and Spence. The Fourth and Third Formers constituting the remainder of the varsity were Wilson, Grace, Stack, Dyer, Chance, Baird, Costello, and Pew.

The Fords set new records in many events. Dan McQuillen swam 2:15:2 minutes in the 200-yard individual medley, Andy Hogg took only 51:7 seconds in the 100-yard freestyle, and the 100-yard breaststroke was performed by Peter Grace in 1:06:9 minutes. Larzelere, Grace, Hogg, and McQuillen swam the medley relay in 1:47 minutes, and the team of Hogg, Shay, Spence, and Larzelere triumphed by a time of 1:32:7 minutes in the freestyle relay. Baird and Gildersleeve were Haverford's divers.

McQuillen was without doubt the team's best relay swimmer, and Hogg took the honors as the best sprinter. Grace was unequalled in his backstroke. Some of the boys were among the top ten swimmers in the United States.

Coach Joe McQuillen considered the 1961 swimming team to be one of the most outstanding teams in the school's history. He believed it was the most spirited team he had ever coached and that it was one of the greatest ever representing Haverford.

WRESTLING
1961 INTERAC CHAMPIONS

The wrestling team went undefeated this year in its fifteen matches and won the Inter-Ac League Championship for the eleventh consecutive year. Moreover, it extended its Inter-Ac streak to thirty-six straight matches. Coach Buckley had another exceptionally good group of wrestlers in Hughes (95), Orhele (103), Pfaeffle (112), Nance (120), Kennedy (127), Andruss (133), Tate (138), Walters (145), Co-Captain Voorhees (154), Huntington (165), Smith (180), and Stringer (Heavy).

The matmen commenced the schedule by downing Pennsbury 32-14. Then, they defeated in rapid succession Bryn Athyn 32-14, Peddie 33-13 and Perkiomen 42-5. In their first Inter-Ac match of the season the wrestlers easily triumphed over Episcopal 50-10. Girard College soon fell victim to the matmen 34-13 as did Friends Central 45-3.

The Fords then removed a great obstacle to its League crown by whipping Penn Charter 32-13. The boys showed great strength in the middle and upper class matches. The team then trounced Germantown Academy 51-5 and Valley Forge 39-8. By defeating Malvern 43-2, the team won the Inter-Ac crown. Lawrenceville was then downed by the team. The team ended up its dual meets by defeating Germantown Friends thus ending up with an undefeated season. In the Episcopal Invitation Tournament held March 3 and 4 at the Palestra the team captured first place.

SQUASH

This year, under the able and highly appreciated coaching of Mr. Dethier and the captaincy of Nicky McIver, the squash team enjoyed an undefeated season with eleven wins.

The team began the season by romping over the University of Pennsylvania Freshmen 7-0. "The Dethiermen" triumphed over the Princeton Freshmen 5-2 in their first match and a close 4-3 in their second. The road to the Inter-Ac Championship with Episcopal, the team won 5-2 and 6-1. The squashmen trounced Penn Charter 7-0 in their first encounter. The team wound up their season by again beating Penn Charter 7-0 and winning the Inter-Ac Championship.

Throughout the season, Captain McIver and John West alternated in the number one position. McIver was undefeated the whole season. Rick Mellor held down the number three position. John Capers dominated the fifth position. Pete Grauer, Walt Smedley, and Lou Franecke alternated in sixth and seventh position, with Grauer and Frazier playing the most matches.

The boys' skill and Mr. Dethier's "lucky tie" were given credit for the team's victorious season.

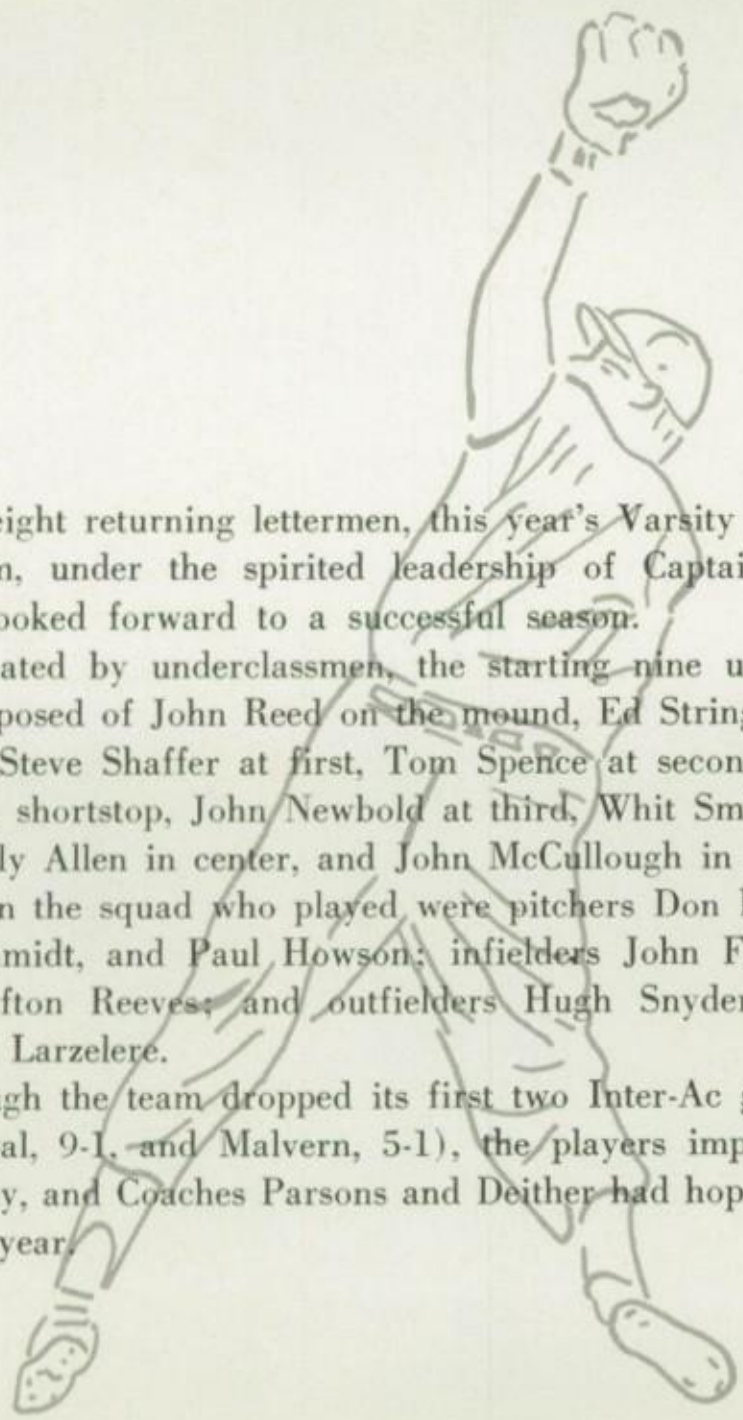
BASEBALL



With eight returning lettermen, this year's Varsity Baseball team, under the spirited leadership of Captain Bo Dixon, looked forward to a successful season.

Dominated by underclassmen, the starting nine usually was composed of John Reed on the mound, Ed Stringer at catcher, Steve Shaffer at first, Tom Spence at second, Bo Dixon at shortstop, John Newbold at third, Whit Smith in left, Wally Allen in center, and John McCullough in right. Others on the squad who played were pitchers Don Reese, Carl Schmidt, and Paul Howson; infielders John Frazier and Grafton Reeves; and outfielders Hugh Snyder and Townley Larzelere.

Although the team dropped its first two Inter-Ac games (Episcopal, 9-1, and Malvern, 5-1), the players improved noticeably, and Coaches Parsons and Deither had hopes for a good year.

TRACK

Coach Buckley and Captain Coath

This year's track team, captained by Doug Coath and coached by Mr. Buckley, was a well-balanced one, but it lacked depth. Besides Captain Coath there were two other returning lettermen from the senior class—Biddle Morris and John Condon. Morris along with junior Harlan Moore comprised the strongest individual event on the team—the high and low hurdles. John Condon also returned many excellent performances in the mile. Harry League and Jim O'Halloran gained points for the team in the half-mile.

Captain Coath, All Inter-Ac pole-vaulter, obtained many blue ribbons during the season. Greg Cowan surpassed all expectations in the broad jump while high jumpers, Chip Wilkening and John Price, did well against tough competition. Our shot putters, Bruce Ross and Ed Shay, did a respectable job all season.

Although the team might have been better, the boys worked hard to win as many meets as they did. The outlook for next year looks good as only a few lettermen are leaving.

CREW

With two returning National Champions and several returning lettermen the Haverford Crew looked forward to another outstanding season. The crew hoped for many victories rowing in the scheduled interscholastic regattas, as well as several dual match races with local schools.

Using the boats and facilities of the Undine Barge Club, the Haverford boats trained under the careful supervision and instruction of Coach Fred Leonard and the excellent leadership of Captain Ollie Gildersleeve. Crew practice started in the last week of February, and, in regular workouts, the crews rowed six or seven miles a day. During Spring Vacation, the crews rowed twelve miles a day. This season Mr. Leonard planned to race two fours, with coxswain, one quad, and two doubles.

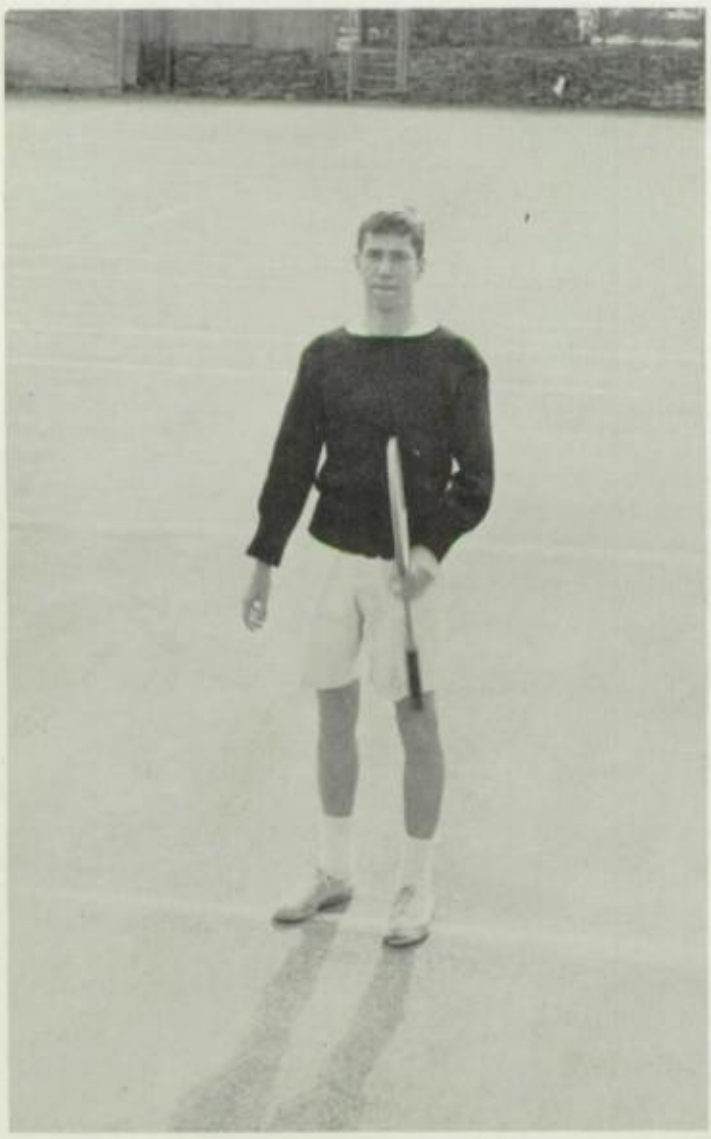
TENNIS



Captain McIver

Under the able coaching of Mr. Don Richardson, the Varsity Tennis team had another successful season. The squad was made up of six returning lettermen, while the remainder of the squad came from the J.V. or 14 teams.

The team had a busy schedule of twelve matches of which five were in the Inter-Ac league. In defense of their Inter-Ac title, the team was led by Captain Nick McIver, who was in the first singles position. Rick Mellor and Dave Cantrell held down the second and third places respectively. Fourth singles was dominated by Burt Gay. For the first time three doubles were played at each match instead of two. First doubles was made up of John Thacher and Peter Grauer. Joel Biddle and Richard Cohen played second doubles. The last doubles position was vied for by Jamie Cowan, Stocky Illoway, Jeff Reichel and Hal Davis. However, the team's greatest strength was shown in the first three singles.

The J.V. squad also had a successful season and some of these boys ought to strengthen next year's Varsity squad.

GOLF

This year's golf team, captained by John Capers and coached by Mr. Raper, was run on a different basis than in previous years. The entire squad was limited to twelve players of whom the first seven played in the scheduled matches. Anyone wishing to challenge onto the team could do so, and throughout the season there were many changes.

The team competed in fourteen matches with other schools. In May they played against the other Inter-Ac teams after warming up against such foes as Hill, Lawrenceville, and the Princeton Freshmen.

As in the past, the squad practiced at the Merion and St. Davids Golf Clubs. Wednesday was an open day, and the team was privileged to receive instruction from the captain's mother, Mrs. John G. Capers.
